Strokeplay Competition

At Theydon Bois Club, Theydon Road,
Epping, Essex, CM16 4EH

Founded in 1897 and situated in South West Essex, 3 miles off the M25, Theydon Bois Golf Club offers you a spectacular and ever-changing natural environment in which to play golf. The AA Guide to Golf Courses highlights it as a course of “particular merit and interest”.

Set in the ancient and historic Epping Forest, it is truly unique, with 9 fairways sculptured out of the forest, contrasting pleasantly with the other 9 wider, winding fairways. Subtly borrowed greens are guarded by strategically placed bunkers, all of which make this course a real challenge to all standards of player.

This course remains a golfing gem and is maintained to the highest standards
